Faculty of Information Security
Completed in 2023

About Me

I have more than 1 year of experience in front-end web programming. I can now improve site seo, connect the site with the back-end, the ability to work with all the skills shown in technologies, the ability to work in a team, the ability to quickly learn new technologies, I can work with hosting and domains, and more I have a certificate in typing, I completed 98%.

Experience

Soff Hub

- I made one directory site at SoffHub for \$1200. This site has a large number of simple pages and uses various animations.

SoffStudy

- I worked as a teacher at SoffStudy training center for more than 7 months, during which time 3 of my groups completed the front-end course.
- I also ordered landing pages and delivered them.

Al-raqam

- In this campaign, I worked on the e-commerce platform (scandiPWA and magento-2).

My projects

- <https://parvaz-group.com> (This site is a directory site with very nice animations. Using React technology.)
- [Sofftyping.uz](https://sofftyping.uz) (This site is designed to determine typing speed.)
- <https://play.google.com/store/apps/details?id=com.soffTest> (This application is designed for applicants to solve the test. Using React-native technology.)
- greenboxjp.uz (This site is also a directory site and is related to visa.)
- sevenwork.netlify.app (This site is also a directory site rich in animations.)
- movies-dborg.netlify.app (This site is a clone of themoviedb.org)
- <https://aybis.de> (AYBIS Group: Your Gateway to High-Quality Metal Solution)
- <https://nasiya365.al-raqam.com/> (This CRM system is considered as a system for stores and mainly focused on installment payments.)

I have done the above mentioned real projects with my team.
